<sup>2</sup> CFTA – Canadian Free Trade Agreement; OQTCA - Ontario-Quebec Trade and Cooperation Agreement; NWPTA – New West Partnership Trade Agreement. In 2020, the Atlantic Procurement Agreement was replaced by the Memorandum of Understanding Regarding Atlantic Trade and Procurement Partnership, which does not contain government procurement obligations (or thresholds).

<sup>3</sup> NWPTA thresholds do not increase year over year or bi-annually.

<sup>4</sup> Federal government departments and agencies. The CFTA specifies these thresholds for “departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies.”

<sup>5</sup> Under CETA / Canada-UK TCA, “Section A” covers federal Crown corporations within the meaning of Part X of the *Financial Administration Act*, R.S.C. 1985, c. F-11.

<sup>6</sup> The CFTA specifies these thresholds for provincial/territorial government departments, ministries, agencies, boards, councils, committees, commissions and similar agencies.

<sup>7</sup> Crown corporations, government-owned commercial enterprises, and other entities that are owned or controlled by a provincial/territorial government.

<sup>8</sup> Under CETA / Canada-UK TCA, "Section A" covers all provincial/territorial Crown corporations and municipal government-owned corporations or entities, subject to specific exceptions.

<sup>9</sup> Regional, local, district or other forms of municipal government, school boards, publicly-funded academic, health and social service entities. For clarity: (i) any corporation or entity owned or controlled by a municipality falls under the MASH thresholds for CFTA, and (ii) municipal government-owned entities of a commercial or industrial nature fall under the CETA Sub-Federal Other Government Entities Section A thresholds immediately above.

<sup>10</sup> Under CETA / Canada-UK TCA, "Section B" covers the provision of transport facilities (air and marine), public transportation (ground) services and utilities.
